STATE DEPARTMENT OF AUDIT

July 23, 1940.

To the Inhabitants of the Town of Alfred:

This is to certify that this department, represented by Mr. M. W. Bragdon, has completed an audit of the accounts of your town officials for the municipal year ended February 16, 1940.

Our report, herewith submitted, was prepared from your town records and, to the best of our knowledge and belief, properly reflects the true financial condition of your municipality as of the above date.

The schedules contained in this report are as follows:

Page	1	Comments
	2	Comparative Balance Sheet
	3	Analysis of Net Debt
	4	Summary of Overdraft and Unexpended Balances
	5	Report of Treasurer
	6	1939 Valuation and Commitment
	7	1939 Supplemental Taxes—1939 Abatements
	8	Uncollected 1939 Taxes
	10	Uncollected 1938 Taxes
	11	Tax Deeds
	12	Tax Liens
	13	Accounts Receivable, Notes Payable, Bonded Debt
	14	Trust Funds.

Also included with this report, for bookkeeping purposes, is a Reconciliation of All Accounts and a detail of the journal entries made.

We wish to thank your town officials for their cooperation during the course of this audit.

Respectfully submitted,

HAROLD E. CRAWFORD,

Municipal Auditor.

Alfred, Me.

HARRY J. KELLEY,
Clerk.

PARSONS MEMORIAL LIBRARY

To the Board of Directors of Parsons Memorial Library—
Gentlemen:

I present the following as the thirty-seventh annual report of Parsons Memorial Library.

The work of the library has grown with the passing year and its importance as an institution of the town is acknowledged by every one and there is no question but that the money voted for its support is well spent.

While we do not have a large amount to spend for books, we are able to add some each year and try to make the best possible selections. Some very fine children's books have been among those purchased. We also have a good number of reference books which have proved useful in the work of the schools and clubs.

The New Century Club gave us a book, as they did last year. This time it was the life of Calvin Coolidge by Fuess.

Miss Grace M. Came has given us a year's subscription to the "Advocate," a religious monthly magazine. We are very grateful for these helps.

In November, to celebrate Book Week, we had Mr. Herbert Jones of Portland give us a talk on some of the outstanding new books and he also read from his book "Maine Memories," which has been added to the library.

While a fair proportion of the townspeople make use of the library, we feel there are many more who might avail themselves of the privilege and we hope in the coming years to see a much larger number of readers.

The following is a list of books added during the past year.

Respectfully submitted,

MARY C. EMERSON,

Librarian.

**BOOKS ADDED TO
PARSONS MEMORIAL LIBRARY IN 1940**

Asche	The Nazarene
Baldwin	Station Wagon Set
Ball	The Fascinating Oil Business
Briston	This Side of Glory
Brooks	New England Indian Summer
Brown	Two Children of Brazil

Van Reneseler	The Story of the Pacific
Waldeck	Betcha Can't Do It
	Little Jungle Tales

**ANNUAL REPORT OF THE BOARD OF DIRECTORS
OF PARSONS MEMORIAL LIBRARY**

To the Legal Residents of the Town of Alfred :

The directors of the Parsons Memorial Library submit the following report for your consideration.

At the beginning of the year the directors met and elected the following officers :

President.....	Charles L. Stevens
Vice-president.....	Marion Hewey
Treasurer.....	Herbert B. Fernald
Clerk.....	Hattie E. Clark
Librarian.....	Mary Emerson
Assistant.....	Florence Hewey

Under the supervision of Miss Emerson, the work of the library has been carried on in a very satisfactory manner. Because of the increase in patronage and the extra amount of research work to be done, it seemed advisable to appoint an assistant to Miss Emerson. Miss Hewey has proven herself to be a very able assistant.

The building is in excellent condition. An additional filing cabinet containing nine drawers has been purchased and placed on the desk. In the near future the front doors and window sills will be refinished. The grounds present their usual attractive appearance.

It was with regret that the directors accepted the resignation of its clerk, George Williams. Mr. Williams had been an efficient member of the board for many years. His efforts to make the library one of the outstanding features of Alfred will not soon be forgotten.

At this time we wish to express to the people of Alfred our appreciation of their continued interest and financial support which has enabled us to make the library what it is today.

Respectfully submitted,

HATTIE E. CLARK,
CHARLES L. STEVENS,
FREDERICK A. HOBBS,
MARION E. HEWEY,
MARY C. EMERSON,
HERBERT B. FERNALD,

Directors.

Alfred, Maine
February 11, 1941.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens and the Superintending School Committee, I submit the annual report of the schools of the town of Alfred:

According to the school census of last year there are in Alfred one hundred forty-four boys and one hundred nineteen girls between the ages of five and twenty-one. One hundred forty-three of that number are registered in the elementary schools as follows:

Sub-Primary	9
Grade 1	15
Grade 2	12
Grade 3	22
Grade 4	20
Grade 5	14
Grade 6	19
Grade 7	12
Grade 8	20

For registration of Senior High School pupils I refer you to the report of the Principal.

There have been three changes in the teaching personnel. Mr. Arvard V. Webster of Casco was elected principal of the High School and Miss Mary E. Leighton of this town was elected assistant. The vacancy in the Junior High School was filled by the election of Mr. George Bountres of Springvale.

A fine spirit throughout the schools and the community has marked the year and made it a very pleasant and profitable one. Repairs and improvements have

been made which add much to the convenience and pleasure of school life. During the summer the assembly hall was made ready for use. A hard wood floor was laid, a stage built, and heat installed. This room is now used both for assembly and recreational purposes. Mr. Paul Garvin generously donated his time in building ping-pong tables which are used and much enjoyed by the students. A small room was available off the upstairs corridor and this, Mr. Webster and Mr. Walter Clark have converted into a very convenient library. All books are carefully listed and loaned by student librarians.

Much has been done to make this school equipment more workable, but several needs still exist, which should receive your consideration. The ceiling and walls of the assembly hall should be varnished, or otherwise treated for preservation, chairs for the same room are necessary, a sink and running water in the laboratory is greatly needed. Under the present conditions this room is far from meeting modern standards.

Although schools have been financed within the appropriation, some increase is indicated by the falling off in the amount received from the State. Another factor to be noted is the decrease in the amount of tuition received in recent years. The accompanying financial statement shows that the teachers' salaries remain the same figures to which the salaries were cut some years ago. Those figures are, it will be noted, \$19.00 per week for a thirty-six week school year for the first three elementary teachers; \$21.00 per week for the junior high teacher; \$900.00 for the high school assistant; \$1,500.00 for the high school principal. The music supervisor receives \$8.00 per week for each week instruction is given.

In each of the seven school reports it has been my duty to write for School Union No. 6, I have called attention to an article written by Dr. Bertram E. Packard, Commissioner of Education, in the Maine State School Bulletin. It reads in part as follows: "In these troubled times we are realizing and emphasizing the necessity for national defense. We are almost without exception in favor of a strong defense program but let me point out that in an American democracy like ours our first line of defense is not the army, the navy, or the air forces. It is true these things must be provided in order to protect us from outside invasion. There are, however, insidious and pernicious forces working within our democracy which are more to be feared than any invasion from without. Such forces can be combated only by a strong and well-supported system of public education.

From our earliest days we have realized the necessity and value of public education as a basic factor in the making of a democracy. If democracy has been successful, and I believe no thinking citizen would have the temerity to challenge the statement that it has been successful, it has been due to the fact that throughout the years of our history the ideas of the founding fathers have been carried out, namely, that a system of free universal public education has been provided for our youth so that today in this critical period as never before in our history as a state and as a nation public education is our first line of defense."

May I in closing thank the Citizens, the Teachers, and the Superintending School Committee for the consideration shown me during the year.

Respectfully submitted,
MAYNARD E. WRIGHT,
Superintendent of Schools.

*—Taught by Mr. Bountres.

February 21, 1941.

To the Board of Education, the Superintendent of Schools, and the Citizens of the Town of Alfred:

Our total enrollment of forty-four pupils is divided as follows: Seniors, 8; Juniors, 13; Sophomores, 10; Freshmen 13.

This year we are using the rotating schedule. The average class length each week is the same as that of the straight schedule but the longer period of one hour gives the pupil more time to work under the direct supervision of the teacher.

At the present time our new library has over four hundred volumes. The books are catalogued by the "Dewey Decimal System." The students have done nearly all of the work, under supervision, and the pupils, as well as the librarians, are obtaining valuable training in library methods.

The new assembly room is the center of many extra-curricula activities. Moving pictures, prize speaking, assemblies, rehearsals, and social functions are being held there. During noon hours and recesses it is used as a recreation room. Two ping-pong tables and several other group games have been installed for the amusement of the students.

Our mimeograph duplicating machine is fast becoming a great help to everyone in the building. Examinations, posters, programs, and other educational material can be reproduced with great ease at about one-fifth the rate charged by regular printing establishments.

The day is coming, in the near future, when the program of studies offered in our high school will not be sufficient to meet the needs of the community. The

boy or girl who never leaves town needs some knowledge other than that of Latin, French, or English literature with which to supplement his daily earnings. For the boy, manual training, farming, farm machine repair, and care of live stock and crops will enable him to maintain and add to his home with greater economy. An agricultural course would provide all of these beneficial features as well as several others. A course in home economics consisting of cooking, sewing, and dress-making, care of the diet, homemaking, canning, and household economy, would enable the girl to rear her children in a better environment and make better use of the living that the husband provides. These two courses are not expensive to install. There is ample room in the basement of the high school building. The State and Federal Government will pay over half the salary of the teachers. The electrical supply companies will give a very liberal discount on kitchen and laboratory equipment. By sharing the teachers with a nearby town the salary expense would again be cut in half. These courses are necessary in a rural high school. I would suggest that the situation be investigated very thoroughly by a responsible committee and a report made at once to the board of education.

In conclusion I wish to thank the many friends of the school who have supported our many activities so willingly.

Respectfully submitted,

ARVARD V. WEBSTER.

REPORT OF THE SUPERVISOR OF MUSIC

To the Superintendent of Schools, School Board and
Citizens of Alfred:

I herewith submit my annual report of music in the
schools.

There is little variation in the routine work of the
theory and mechanics of music from year to year.

The pupils of the first six grades staged the operetta,
"The Princess Chooses a Kitty," last May. It was
rather different in type from our previous productions
but very delightful and humorous.

The Senior and Junior high continued the program
with songs commemorating Mother's Day and Memorial
Day. The high school songs were done in costume very
attractively arranged by Miss Freeman who accom-
panied them in their solos and choruses. The program
was complimentary to the townspeople in appreciation
of many favors received in the past.

Our new high school principal, Mr. Webster, and
Miss Leighton, assistant principal, have shown great
interest in the musical program this year, both of whom
act as accompanists very generously.

Mr. Webster's enthusiasm is very contagious and
even the boys find themselves singing wholeheartedly
with his cooperation.

We hope to send a group to the Western Maine
Music Festival chorus to be held in Portland in May. We
have two sets of excellent chorus books this year.

The Junior High School are reviewing theory and starting some part singing. Under the efficient direction of Mr. Bountres they have carried out the project of "Building an Orchestra" with cut outs of instrument players mounted on a diagram of an orchestra seating arrangement; descriptions of the instruments are written in their music note books.

I am glad to learn that many of the students are taking private lessons on various instruments of the orchestra.

I appreciate greatly the cooperation of our Superintendent of Schools, School Board, Citizens and the entire teaching staff.

Respectfully submitted,

HELEN M. DOLLEY,
Supervisor of Music.

Limerick, Maine

January 31, 1941

REPORT OF THE HEALTH NURSE

To the Citizens of the Town of Alfred, I hereby submit my annual report as public health nurse for the year 1940:

In January the health inspections were completed in all grade rooms of the Alfred school. The school was visited a few weeks later and consent slips given out in each room for a vaccination clinic to be held on March 7 at Conant Chapel. The clinic, in charge of Dr. Carl Richards, health officer, was open to school and pre-school children and to any adults who wished to attend. One hundred and two school children and nine adults were vaccinated. A return visit was made to the school a week later to check on the results and those found with unsuccessful vaccinations were re-vaccinated at the office of Dr. Richards.

In March, tuberculosis Early Diagnosis Campaign material was given Mrs. Maynard Wright, president of the New Century Club, for distribution throughout the town during the campaign month of April. The High School was visited and material given Principal Weymouth for use in the tuberculosis editorial and slogan contests also being conducted during that month. The slogan, chosen by the Maine Public Health Association as the prize winner, was "Strike Out T. P. Before the Fatal Inning!" Miss Vesta Smith of Sangerville was the author.

Through the generosity of a local citizen, four school children were taken to the office of a Sanford dentist, where they received necessary dental hygiene care. After the close of school in June, several children received needed corrections. These were all made possible by contributions received from the New Century Club, Alfred Chapter Red Cross, the American Legion Auxiliary, the A. A. M. Class and the Women's Mission-

ary Union of the Congregational Church. Three school children and one pre-school child were operated upon for tonsils and adenoids by Dr. Richards at the Goodall Hospital, Sanford. One school child was taken to the office of an oculist in Sanford and fitted to glasses.

At the request of Superintendent Wright, one special inspection of skin and hair was made in the seventh and eighth grade room because of suspicion of skin disease trouble. The following is a report of the health inspections completed at school for the year 1940.

Pupils inspected	121
Pupils with defects	34
Defects found:	
Vision	5
Teeth	22
Throats	5
Evidence of skin disease	2
Evidence of pediculosis	2
Corrections made during the year	
Vision	3
Teeth	14
Throats	7

The Village School earned achievement in school health. Twenty-two children qualified for Seven Point awards. Grades 1-2 and grades 5-6 received a Certificate of Achievement. These awards are promoted and encouraged by the nurse in her work with the schools, and children unable to help themselves are assisted in securing corrections.

In closing, I wish to thank all who have in any way contributed to the success of the health work during the course of the year.

Respectfully submitted,

OLIVE TWICHELL,
York County Health Service.

STATE BUREAU OF HEALTH

Annual Reort of Public Health Nursing Service, 1940

During 1940 there have been 12 visits to prenatal patients to encourage regular medical supervision, to assist in formulating plans for confinement. Thirty-three home visits were made to infants and 108 visits to preschool children to aid mothers in carrying out physician's recommendations following child conferences, to urge medical supervision of all young children, particularly during the first year of life, to assist in planning adequate food budgtes for the family as a whole.

Child welfare conferences have been held at regular two-month intervals up to November of this year. Because of the prevalence of communicable diseases in the town it seemed advisable to postpone the conferences until the above condition has subsided. Members of the local P. T. A. have assisted at the conferences. Dr. Richards, local physician and health officer has been most helpful in the work, functioning at conferences, referring prenatal patients and mothers requiring particular instruction.

In the March conference smallpox vaccinations were given. Arrangements were made with Miss Twichell of the Maine Public Health Association to have the school children also attend as for many years there had not been any vaccinations given in the community.

Arrangements were made for two children to attend the clinic for crippled children conducted by the State Bureau of Health. Follow-up visits were made in the homes to assist the family in carrying out clinic recommendations.

NELLIE B. MORSE,

Field Nurse State Bureau of Health.

**STATE OF MAINE
DEPARTMENT OF AUDIT
AUGUSTA**

July 18, 1941

To the Inhabitants of the Town of Alfred:

In accordance with your request, this department, represented by Mr. M. W. Bragdon, has completed an examination of the accounts of your town officials for the municipal year ended February 11, 1941.

Our report, herewith submitted, was prepared from your town records and, to the best of our knowledge and belief, properly reflects the true financial condition of your municipality as of the above date; subject, however, to a probable shrinkage in the final settlement of unpaid taxes, tax liens and deeds.

The data obtained by us is summarized in the following:

	Comments
Exhibit A	Comparative Balance Sheet
B	Report of Treasurer
C	1940 Valuation and Commitment
D	Statement of Appropriation Accounts
Schedule 1	Reconciliation of Treasurer's Cash Balance
2	Uncollected Taxes
3	Tax Liens
4	Tax Deeds
5	Trust Fund
6	Analysis of Change in Net Debt
7	Notes Payable
8	Supplemental Taxes
9	Abatements

Respectfully submitted,

STATE DEPARTMENT OF AUDIT

Harry E. Crawford,

Municipal Auditor

Alfred, Me.

HARRY J. KELLEY,

Clerk

PARSONS MEMORIAL LIBRARY

To the Board of Directors of Parsons Memorial Library.
Gentlemen:—

The following is the thirty-eighth annual report of Parsons Memorial Library.

Some one has remarked that nothing can be said against reading. It is reading which is the greatest pleasure in life. It will educate you and will entertain you. It will broaden your mind and save you from boredom. There is no other pleasure in life which is so full of immediate satisfaction and so devoid of later regret.

In the Alfred library which for nearly 40 years has been open to the public may be found books which will answer all demands. While not many new books are added each year because of lack of funds, they are carefully chosen and cover a variety of subjects.

Especial attention has been given to books that might be useful in the schools. The library has always tried to cooperate with the schools and is ready to listen to suggestions from the teachers in regard to books they would like to see added.

Some fine juvenile books have recently been purchased and if some one had more time to help the children in their selections they might become more interested in reading.

We have received a gift of several books from Mrs. Sumner Marshall and the New Century Club has again remembered us. This time with "The Prairie Years," the first part of Carl Sandburg's "Life of Lincoln."

We wish to extend our thanks to all who have helped the library in any way.

During Book Week we had one afternoon a very interesting talk by the Rev. Mr. Atherton on "The Psychology of Writing Fiction," which was enjoyed by all.

On the whole the work of the year has been satisfactory but we wish, as we have many times before, that more people would visit the library and see for themselves how many good things it contains.

The following is a list of books which have been added the past year.

Respectfully submitted,

MARY E. EMERSON,
Librarian

BOOKS ADDED TO

PARSONS MEMORIAL LIBRARY IN 1941

Aldrich, Bess Streeter	The Drum Goes Dead
Anderson, Eva G.	Dog-Team Doctor
Angelo, Valenti	Paradise Valley
Angelo,	Arabian Nights
Aynaer, Gordon C.	Bird Flight
Bailey, Temple	Enchanted Ground

Williams, Ursula M.	Peter and the Wanderlust
Wilson, Forrest	Crusader in Crinoline (Harriet Beecher Stowe)

**ANNUAL REPORT OF THE BOARD OF DIRECTORS
OF PARSONS MEMORIAL LIBRARY**

To the Citizens of the Town of Alfred:

The directors of the Parsons Memorial Library submit the following report for your consideration.

During the year two vacancies have occurred in the executive department of the library. Mr. Frederick Hobbs resigned as a member of the Board of Directors and Miss Mary Emerson resigned as librarian. Mr. Roger W. Brace was elected to complete the unexpired term of Mr. Hobbs, and Miss Florence Hewey to succeed Miss Emerson as librarian.

Up to this time very little has been required in the way of repairs. The time has come when more and more will have to be done each year if the building is kept in good condition. Very few of the needed repairs have been made this year because of the lack of funds.

It might be well to note that there is an income of \$550 to meet the running expenses of the library. Of this amount, \$300 is received from the George and John Parsons Fund and \$250 from the Town of Alfred. After the salaries of the janitor and the librarian have been paid, the fuel and light bills met, very little is left for repairs. It is hoped the citizens of Alfred will give this matter due consideration and next year appropriate more money for the maintenance of the library.

All reading material is taken care of with the income of the Wm. Parsons Fund (which this year amounted to \$250.70), library fines and Maine State Library Stipend.

At this time we wish to thank the people of Alfred for their continued interest and financial support.

MARY C. EMERSON,	HATTIE E. CLARK,
CHARLES L. STEVENS,	ROGER W. BRACE,
MARION E. HEWEY,	H. B. FERNALD,

Alfred, Me., Feb. 18, 1942.

Directors

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and the Citizens of the Town of Alfred, I submit the annual report of schools:

According to the school census of 1941, there are in Alfred 147 boys and 121 girls between the ages of five and twenty-one. Of this number, 123 are registered in the elementary grades as follows: Sub-Primary, 7; Grade I, 19; Grade II, 11; Grade III, 14; Grade IV, 18; Grade V, 17; Grade VI, 11; Grade VII, 18; Grade VIII, 10. For the registration of high school pupils I refer you to the report of the principal.

At the end of the winter term, Miss Mary E. Leighton resigned as assistant in the high school to accept another position paying a more attractive salary. Mr. Bountress was moved from the junior high school to fill this vacancy. Mrs. Miriam B. Moody, a graduate of Mount Holyoke College, was elected to the position left vacant by Mr. Bountress.

It is becoming increasingly difficult to locate and hold thoroughly qualified and properly certified teachers. This condition is due not to a lack of teachers being turned out by teacher training schools, but to a lack of positions paying sufficiently attractive salaries. As a result many successful teachers are accepting better salaries for their services in government offices, defense industries, and various other occupations. Moreover, many young men are being drafted into military service.

Necessary minor repairs have been made and equipment bought. A sink with running water has been installed in the laboratory at the high school. Two classrooms have been furnished with new window shades. Two other rooms should be equipped in the same man-

ner. Some time in the near future, it will be necessary to replace part of the fence around the school yard.

In all rooms of the school building, with the exception of the newly finished assembly hall, the electric lighting system does not meet modern standards of artificial lighting. The antiquated fixtures now in use should be replaced by more modern equipment.

In closing, I wish to express my appreciation to the citizens, the school committee, and the teachers for their cooperation during the year.

Respectfully submitted,

MAYNARD E. WRIGHT,

Superintendent of Schools.

REPORT OF THE SUPERVISOR OF MUSIC

To the Superintendent of Schools, School Board and Citizens of Alfred:

I herewith submit my report on School Music for the year.

The regular routine in school music varies but little from year to year. The teachers all do very painstaking work; results depend upon the musical capability of the pupils. This year seems to promise very satisfactory accomplishments.

The outstanding musical event of the past year in the grades was the production of two operettas, "The Three Bears," music by Schumann, and "The Smiling Sixpence," by Geoffrey O'Hara; both on the same evening. The first was given by Grades I to IV, and the second by all grades to six inclusive.

The music and action of both operettas was more difficult than any we have previously attempted, but was faithfully studied and performed by every pupil. Mr. Bountress devoted much time to painting and arranging stage settings which we greatly appreciated.

The junior high is learning some elementary rules for chorus directing and having assembly singing in their home room with students directing at morning exercises. The morning singing was at Mrs. Moody's suggestion, whose interest we appreciate.

The selected high school chorus is doing four part singing under Mr. Webster's direction, working during the week for a quarter of a point credit toward graduation. They have appeared as a group at different church services, also at graduation last year.

A nationally prominent music educator writes: "Choral music has enjoyed a tremendous growth in our public schools during the past decade. An interest has been awakened in organized singing whose carry-over is felt in the junior and adult choirs and choruses of many communities, and the greater interest in all musical activities. The citizens of many cities and towns have become music conscious through the interest and enthusiasm of their children."

I am grateful to our superintendent, school board, all our teachers, and the citizens of the town for their cooperation in my work during the past year.

Respectfully submitted,

HELEN M. DOLLEY,
Supervisor of Music

Limerick, Me., Feb. 16, 1942.

REPORT OF THE HEALTH NURSE

To the Citizens of the Town of Alfred, I hereby submit my annual report as public health nurse for the year beginning January 1, 1941, and ending December 31, 1941.

In January, at the invitation of the president of the Parent-Teacher Association, a County Council meeting was attended at Kennebunk High School. Much helpful information was obtained through the various interesting remarks made by the members present.

The Tuberculosis Early Diagnosis Campaign was begun in April and pamphlets and posters were distributed throughout the town. A slogan contest was conducted in the high schools throughout the state, and the third prize was won by a York County girl, Miss Kathleen Willette of Traip Academy, Kittery. The prize winning slogan, chosen by the Maine Public Health Association, was "Check Up On TB. Before It Checks In On You."

During the summer months arrangements were made for six school children to have free tonsil and adenoid operations performed. These were all done by Dr. Carl Richards at the Goodall Hospital, Sanford. Some were taken care of through the free service given by the Women's Board of the Hospital, and others were paid for with money given by the local Red Cross. Home visits were made to make arrangements for these operations, and all children were visited following their return from the hospital. Other visits were made to the homes of school children, some absent at health inspections because of illness, and others because of defects found and to advise regarding corrections. Considerable time was spent in making arrangements for a local

child to spend the summer months with a family in another town. Conferences were held with both families and the child taken to the family where she was to spend the summer.

In November an adult class in First Aid was started at the schoolhouse, and instructions were completed on December 29. Twenty-one members completed the prescribed number of hours and will receive their certificates.

The pupils of the high school were given a talk in December regarding a tuberculosis skin testing clinic which will probably be held early in the year 1942. The testing will be done by Miss Katharine Gay, field nurse for the Bureau of Health. Consent slips were distributed to all pupils to take home for signature and return to the school.

In the Village School, Rooms 1-2 and 5-6 received a green star for their Certificate of Achievement, and there were in the whole school 31 Seven Point pupils.

Several visits were made to the school during the year, some at the request of teachers for special inspection for evidence of skin diseases, and others for the regular health inspections. The following is a report of the health inspections as completed for the year.

Pupils Inspected	132
Pupils with Defects	33
Defects found:	
Vision	4
Eyes	1
Teeth	22
Unclean Teeth	6
Throat	8
Evidence of Skin Diseases ...	5

Corrections made:

Vision	3
Teeth	37
Throat	11

At this time I wish to express my sincere appreciation for the earnest support given me by all who have helped with the health work in the town during the past year.

Respectfully submitted,

YORK COUNTY HEALTH SERVICE,

By Olive Twichell, R. N.,

Public Health Nurse

CIVIC SCHEDULE FOR ALFRED HIGH SCHOOL—FALL OF 1941, SPRING OF 1942

Freshman	Sophomore	Junior	Senior
Health and Consumer Education	Health and Consumer Education	Social Problems	Social Problems
Algebra One	Algebra One	Chemistry	Chemistry
English One	English Two	Economics and Law	Economics and Law
World History	†French One	General Bookkeeping	General Bookkeeping
French One	‡Latin Two	¶Algebra Two or Latin Two	¶Algebra Two or Latin Two
Note: This year is kept down in electives to make it possible to cultivate good home study habits in the pupil.	§Algebra Two	English Three and Four	English Three and Four
	World History	French Two and Three	*French Two and Three
	†Only offered this year for make up.	¶Latin Two offered as an alternate for Algebra Two to prepare for certain advanced courses.	*This course offered only this year to allow Seniors to finish required courses.
	‡Only offered this year to help adjust new schedule.		

REPORT OF PRINCIPAL OF HIGH SCHOOL

To the Board of Education, the Superintendent of Schools, and the Citizens of the Town of Alfred, I submit the following report:

School opened on Monday, September 8, with an enrollment of 13 freshmen, 13 sophomores, 10 juniors and 13 seniors. The rotating schedule is still being used with very gratifying results. Four new courses have been installed this year to meet the demands of the many pupils not wishing to continue formal education after high school. These courses are Consumer Education, Economics and Law, Personal and Business Record Keeping, and Salesmanship. This nearly completes our Civic Two Teacher Program. I do feel, however, that a practical course in the New England Town Meeting would help in making better citizens for the future.

Last year we purchased a mimeograph and I am sure that nearly every member of the community has had an opportunity to see and appraise some of the beneficial results. This year we have added a sound moving picture projector to our list of improvements, and during the following year you will find that its usefulness will by far exceed that of the mimeograph. Education through moving pictures is a real and vital thing. It brings information and experiences to the class room that the student might otherwise have to wait years to obtain. Visual education is a long stride forward and I wish to thank the many people who have helped make this advance possible.

Through the thoughtfulness and effort of one of our school parents we were able to obtain 15 well built

benches, three dozen hard wood school chairs (in good condition), eight leather office chairs, and a large hard-wood library table. Many other gifts from various sources are making our school a better place to live in. There is, however, a definite need for some small chairs and tables for Grades One to Four. Any donations along these lines would be greatly appreciated by the teachers of those grades.

In closing I would like to express my appreciation to the teachers in the school system for the numerous ways in which they have helped me during the two years that I have been at Alfred. It has been a pleasure to work with them.

Respectfully submitted,

ARVARD V. WEBSTER,
Principal
